SPUDNIK PRESS COOPERATIVE IS TURNING TEN, and since day one, our studio has been humming with activity. By lowering the barriers for artists to produce their work, Spudnik has been able to support over 2800 Chicago artists and makers since 2007.

Print Factory Art Party is more than a nod to our industrious production, the volume of artists that use our presses to make art, and the reams of paper that are printed here day in and day out. Print Factory (Art Party) celebrates that Spudnik Press Cooperative is a place for ideas, inspiration, experimentation, collaboration, camaraderie, and personal artistic growth.

On Saturday, October 7, we will bring together our supporters for a revelatory night of Warhol-inspired art, music, food and drinks to celebrate the power and impact of the community-based printshop, Spudnik Press Cooperative.
