This exhibition highlights the thing that brings us all together: **Print!**

*Prints United: 2019 Member Exhibition* features the wide variety of print-centered art making that happens at Spudnik Press Cooperative. Printmakers and fans alike are invited to celebrate the work of our beloved print geeks, relief devotees, intaglio fans, serial serigraphers, and letterpress lovers.

From the Exhibitions Committee:

“At Spudnik Press, we all feel welcome, whether we wipe plates, roll ink, or squeegee shapes. We have in common a deep curiosity about print and an appreciation for the way ink transforms our ideas into reality. This exhibition celebrates the cacophony of visual statements made each day at Spudnik Press.”

This exhibition celebrates this “cacophony of visual statements” made at Spudnik Press.
